Lighting The Future

Humanscale®

## HUMANSCALE'S NOVA TASK LIGHT

brings best-in-class functionality to the everyday office. With its advanced LED technology and 92+ CRI, Nova creates a uniform footprint of glare-free neutral light that can be dimmed with the touch of the finger. Its 'Forever Hinges' provide strength and stability in any position while allowing effortless one-hand adjustability. Energy Star-certified and free of Red List chemicals, Nova is a lighting solution for now and the future.

## Design Story

As the lines between office and home blur, Humanscale Design Studio created Nova, a highly versatile LED task light that combines industry-leading technology with a sleek design. Nova was designed with a timeless aesthetic and long-lasting durability.

## Features

- LED and light guide package minimise glare and creates perfectly uniform footprint of light
- Constant torque 'Forever Hinges' ensure stability and product longevity
- Highly adjustable counter-balance design allows for effortless movement and control
- Occupancy sensor for energy conservation
- Touch dimming allows users to customise the brightness level exactly to their preference
- Smart Dimming designed to remember the last brightness setting when turned on and off
- Designed to illuminate wider spaces, Nova XL is 50mm (2") taller than the standard light to provide an additional 100mm (4") of reach
